Interests Activities

We are interested in what you do / have done outside your academic work.

Please record your non-academic interests and activities stating whether at school, college, university or elsewhere. Record any positions of responsibility you have held in any aspect of your life. (300 word limit imposed) *

I am a volunteer in a non-profitable scientific organization called E-web It is at faculty of Engineering Alexandria university I am a vice marketing.

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

I want to join the internship in the Engineering field to enhance my practical side in mechanical Engineering and I am interested also in the internship of marketing as it will help me to develop myself in this field as it is my field in the volunteering work.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

first I tried to be more friendly with my team work and then we became close to each other and we all have the same goals so we finished our tasks as if we were friends not strangers anymore. I used the experience of many other persons in my work to help me, and they were very helpful in supporting me with what they know. they provided me and my team work with sessions to help us in increasing our experience to work perfectly as professionals.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

It was about learning photoshop. I tried to learn it myself through exploring its interface and the functions of the tools and also through some videos on youtube. finally I did it well and now I can design and edit the photos that I want. the purpose of learning Photoshop is my interests in it as I like designing posters or editing photos and add effects to them.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

I had a project in the previous academic year. I worked with a team work to choose it at first and it was a robot like a spider. we worked hard to finish it and deliver it to our professor before the deadline, and we searched through the internet to know more about it and to make analysis that will help us in our project. we designed it, bought the materials and finally assembled it by ourselves. we delivered it before the deadline and got high marks.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

once I was supposed to receive a task from someone but he didn't send it to me, and I needed it urgently to start my work. after losing hope to receive it, I did it myself although it wasn't my work and its quality wasn't high enough. but I used it in my work and finished my own task and I was awarded for that from my head.
