These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

I think that my experience in IEEE AlexSB and other organizations give me the opportunity to make the decision to consider a management career within Unilever i want to work at the logistics staff because i think that i have a good experience at this field

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

when i was elected as a student union member i had to work at a new environment with different characters and we had to make a great work with each other to service the college students i established a network of contact by working with other members and by helping each other to make a great work when i demand a helping hand from any member he wasn't hesitate to help me at my task because we were one team and had one goal

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

at a certain time any one must take the step to learn and develop him self ... last summer i made this decision and i took part in robotics team and joined an international competition at india i do this step to develop myself and make something new and effective at my life the result that i gain a lot of experience at the robotics field and i know now that when i put a goal i can reach it by the persistence

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

at IEEE AlexSB we have a program its name " Protons" as a volunteer i participated at organize this program protons aims to give the secondary and preparatory student the chance to learn about robotics and programming fields and help them to work as a team work and give them to make an internship and take part in competitions Specials with their field as the result we have now young student have a great experience about robotics and programming

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

i was a head of organizing committee at A plus team at my college i faced a complex situation that my committee members didn't have the passion to volunteer any more i make plan to overcome this situation i made a series of meeting and outing to overcome the Case of boredom and explain what we have gain from volunteering the outcome that by the year we became a great committee at the team
