These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

No any one shaped my decision but it came from my experiences and my feeling . In all workshops I attended I was distinguished , I think this a good answer in testing my choice .

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

To be honest I didn't establish any contacts network because I always worked in teams and used to search on the internet about any thing I need to know . The environments which I worked in are the reason that make me used to use the internet in this situations.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

When I joined MIS major I decided to start learning a lot of things in this field by self study or by Courses because I like this field too much and want to be different and qualified more than others . I achieved a lot of good things until now and I won't stop .

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

When I worked as an Accountant I was in the first year at the Faculty of commerce I thought that it'll be my future but i changed my mind and decided to continue my previous work in the IT field that I like it too much So i decided to join MIS major and attended a lot of ICT events ,training , Courses and start working on my own project . The fatal obstacle is I was in the waiting list to join this major in my faculty and I spend 2 month waiting . the result I'm accepted in this major and start to build my career in the ICT field Thank goodness for that .

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

To be honest System Analysis and Design Course was a great opportunity to analyse and take decisions . we were trying to get the business rules to take a good decisions .The outcome is a big knowledge in business requirements.
