Member at Life Makers which is civilization project a development does not belong to any religious institution or political or partisan trying to work a comprehensive renaissance in all fields and walks of life by instilling the values of success in the hearts of the participants and move the potential inside them and directed towards the development of society, instead of moving these energies huge about crime or terrorism

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

I guess being a production/industrial engineering undergraduate student give a motivation on the path of management career i see industrial engineer as someone hired to solve problems and make the entire system near optimum

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

I was a member in Mini-Project Team in Faculty of Engineering the project was the applications of \\\Forming Technology in Automotive Industry \\\ I was new to the team and had no experience ,, so looked for a gap in the team and tried to work my way to fix this gap so i can improve the quality of the output of the project and i made good connections with my colleague to achieve that it was an exciting time for me

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

It was last year interested in training inside the Egypt Telecom Organization and \\\m not a communication student and i wanted to try something new , So i took my chance and apply for an internship and i have got it

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

It was this year in mini-project team when the team had to face an obstetrical in finding new idea for apply the concept of Theory of Machines course in real life application ,, I have came

up with and idea on designing a new type of engines that would reduce human effort (education model only not applicable in industry)

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

It was during my Secondary Education when my school participate in (Aw ael El Talaba) Outstanding Students Competition and my school students were afraid to compete against top ranked students of others school so i took that decision to compete and win over them by one point in the last round it was 1 vs 5
