I tried to develop my skills by taking courses, Especially those relating to information technology outside my academic work.

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

My brother is encouraged me to enter this field, which soon I loved it and I loved this work so I am convinced that I will add to this field.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

I always found out who the top players were and then went about convincing them that I could and would be a top contributor in our shared endeavors. After I proved my worth, these players became my in to the ones in the lower echelons of control and distribution

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

Of course, anyone who wants to grow his skills and I have the determination to develop my skills so it will accept the initiative to learn and develop myself

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

Certainly I'd be so happy because this achievement will be added to the organization, this feeling we'll get to him after overcoming many obstacles such as time and competitors organization ...etc.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

Should pay attention to two primary factors: the time and making sure the extent of the information so as to get the best possible analysis of the credibility of the information, make sure to diversify its sources and inevitably lead to the best possible analysis under complex.
