Interests Activities

We are interested in what you do / have done outside your academic work.

Please record your non-academic interests and activities stating whether at school, college, university or elsewhere. Record any positions of responsibility you have held in any aspect of your life. (300 word limit imposed) *

I was member in AIESEC which helped me to obtain a leadership skills & it gave me the opportunity for doing charitable things. I was a Goal keeper in Hokey field team in Smouha club for 4 years & before that I was player in volley ball team & in both teams I've got Medals for our success in achieving a great ranks in the tournaments. I was acting as a university representative for many conferences held in our university.

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

I've got training in Te Data & Yasmine Holding which gave me the opportunity of obtaining soft & applied skills, they taught me how to bear the responsibility especially something related to money, work under stress, communicate with the seniors and employees as if I was one of them, eager in meeting obligations, keeps company's secrets, how to be innovative & a good planner who has a vision & also they proved my opinion about that what we learn in university, we will apply it in the practical life.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

I have learned how to run many types of software programs such in sales department & some programs made in excel sheets for preparing financial statements & how these software programs are linked to each other in an integrated information systems. Before I work as a financial accountant in TE Data they put me in Sales department to test me how I will act in some certain situations & thanks God, I was always smile and communicate the info. to customers in flexible way without any limitations & also they made me responsible for the money which I've collected from the customers as another test to ensure that I have some certain standards of behaviors. Because

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

Before entering the university I have promised myself to be the first in GPA & working more & more everyday in improving myself even if all the people around told me you are nothing, I've insisted in doing so, because I hope to be a man of value not just a useful man who working to himself but a man who can add value to the world even if he died his action will be immortal like many prominent people & thanks God, I am the first in GPA for 3 consecutive years & now there's only one year remaining until achieving the first step of my goal.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

I am in semester 6 now & Dr. Mohamed Hamada who specializes in Information technology at PUA university, have asked me to choose 6 students to work in team, he elected me to be the leader of this team & told me that there's a problem take a controversial discussion among scholars related to "Information systems & its impact on supply chain management" & he wants me to prepare a research methodology including the methods that I will need in examining the phenomena & this task give me the chance to cooperate and work in a team and give some certain tasks in efficient way and until now we are working on the research but I think the result will be fair and has some positive points.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

We always take in our university assignments about downloading some certain articles via internet related to sensitive issues and is required from us to prepare analysis sheet illustrating in it the problem definition and what is your recommendations & after that you are responsible for presenting it to your mates & thanks God, I always impressing the audience with valuable solutions due to my great knowledge in financial information based on the financial books which I have read in my whole life.
