Interests Activities

We are interested in what you do / have done outside your academic work.

Please record your non-academic interests and activities stating whether at school, college, university or elsewhere. Record any positions of responsibility you have held in any aspect of your life. (300 word limit imposed) *

Conducted a campus tour as an AUB student representative. In the Model United Nations at LAU I participated in various sessions to practice public speaking. I was a member of committee responsible for preserving cultural heritage and extravagating ruins. Elected class president in high school. Portrayed leadership and teamwork skills. Launched a 'Go Green' election campaign; Focus: take 'green' initiatives in class specifically and in school generally. In high school I participated in the AUB folk dance

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices? (300 word limit imposed) *

Unilever consumer products are utilized by almost everyone. So it would be very interesting and illuminating to work with such a reputable company offering all these goods. I researched for many firms, asked about them in the career and placement services office in my faculty, and spoke with my professors for an advice regarding which firms are most suitable.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

In the last year of high school, two of my friends and I were given the task to set up the end of the year prom dance. I began suggesting ideas for a place for the dance, I spoke with several people for location and flowers, and of course I addressed the class to make sure the students are updated with the plan. Also, the three of us, with the help of others, had to

prepare many sales and a Halloween party to fund the dance.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result? (300 word limit imposed) *

When I first entered University I was overwhelmed with all the responsibilities and work given to us; it was a whole new experience. However, I had to step forward and learn how to adjust with this new environment. I started managing my time better so I can study well but also have some time for other activities. I also taught myself how to meet new people, engage with them, and work with them as a team. When I applied for an internship in BLOM Bank, I took the initiative to develop my soft skills, to learn further, and to introduce myself to the work field.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

Being a class president I planned a pizza lunch for the class during the day to ensure that we have a good big break for ourselves. I managed to make the students go with my 'Go Green' idea; we recycled, cleaned the classroom all together every few weeks, and collected the most plastic bottle caps among all other classes.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

In the Model United Nations, each group of nations was asked to suggest solutions for the preservation of unsupervised ruins that are being destroyed. I came up with solutions for the issue and discussed them with my team members. Then my team's solutions were presented to the rest of the delegates. I also had to present a plan of my own for the whole class in order to practice public speaking.

General

Please give details of any military service requirements, with reasons for any exemptions claimed. If you have completed your military service please state when. If you have answered Exempted above, please specify the reason you were exempted.

Do you have any health problems that could affect your future employment? If yes, please specify:
