Work Experience

Please give details of any work you have undertaken, indicating whether full-time, part-time, vacation work or industrial training etc (most recent positions first).

Interests Activities

We are interested in what you do / have done outside your academic work.

Please record your non-academic interests and activities stating whether at school, college, university or elsewhere. Record any positions of responsibility you have held in any aspect of your life. (300 word limit imposed) *

I have joining AYB(Alashanek ya Balady) GUC since 2011 , Micro Credit team. we work in raising the people's culture in "El Matrya" and making them to depend on themselves and making their own project and making their own profit instead of asking people for money.

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

As an engineer and dealing with engineering studies i always tend to learn new information and trying my best to plan for a goal and achieve it , making into consideration quality , cost and time

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

Last semester i have been in Germany for education where i have faced people with new culture and new way of thinking and different traditions and i have been there for 6 months. Gaining positive perspectives and trying to discard negative one's needed effort which gave me a great experience.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

Currently I'm working on my bachelor project for Vodafone, where i have to deal with new software programs and hardware components that i have never used before so i have to learn and develop my skills to make an acceptable project that finds a useful use in the future

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

The activity i mentioned above(AYB) we have faced lots of obstacles to convince people to make their own profit instead of taking money from others , some of them tried to take the money for the sake of having money and only covering their expenses , but we were continuously supervising them and giving loans with no interests to people we find will make a project with reasonable ideas

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

draw a block diagram for the problem and its consecutive, writing all possible solutions even if they make no sense at first , then trying to link all answers with the problem and trying to choose the best solution that makes the best possible output
