These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

iam working in a voluntary work once we had felt we have failed and broken down as our team was not responding i just decided to have a new team after many tries with the old one i took the decision though my core team was in objection but they knew later i was right

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

on my voluntary work when i had a core team they were 3 persons they didn't keep on working and left the responsibility but i didn't give up and brought new people to help me

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

i decided to learn how to be a graphic design in photoshop as i use it in my voluntary work and develop my skills and i did it i became a graphic designer

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

iam working in a voluntary work once we had felt we have failed and broken down as our team was not responding i just decided to have a new team after many tries with the old one i took the decision though my core team was in objection but they knew later i was right

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

iam working in many things out of my career in the realistic world and meet many kinds of people i just learned how to act whatever i met my parents wanted me to study the nuclear engineering but i wanted the mechanical engineering
