These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

My study is related to Engineering & Manufacturing so I think what I have learn inside the college will help me . In addition to the behaviour with other people . I appreciate Unilever & I appreciate their work , And my dream to try to work in it .

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

In my opinion , I think a week is enough to establish a network of contacts , I can establish this network by meeting people and trying to be near to their work and about 2 weeks to know them and their attitude towards problems and work , by creating fake situations and considering their attitude with it .

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

Inside the college , Dr of Theory of Mechanisms asked us to make a project with SolidWorks program that I have no idea about so I learned it through tutorials and now I am working on the project .

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

The project of Mind Utopia I was head of PR , The team asked for too much to do with zero fund , I created a team and get sponsors so we could achieve what they needed and more , The project was so successful .

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

First before any project I held I should put more than plan to expect the problems I might face . but actually I haven't had a complex situation before .
