- Student member at American Society of Mechanical Engineers – ASME - Participant at supply chain module – MECA 2014 - Project team member at Enactus Cairo University 2014 - External public relations member at Steps Towards Progress – STP 2014 - Selected as a supervisor in student union elections (March 2013) - Participant at Steps Towards Progress - STP 2013 (Robotics Workshop) - Participant at International Model of European Union - IMEU 2013

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

Over time during studying in the high school or college, I have that engineering is my life, specially mechanical engineering. Teachers, professors and even my colleagues helped me to notice that desire and encourage me a lot. That is why it is ended by choosing Unilever as a place to gain more experience within this field.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

As I am still a student, I am rolled in many student activities in the college, where I always working with new teams, new environment and different ways of thinking. I have gained experience to be a good leader, setting tasks and deadlines and also gained experience as a team member. As a leader, I keep encouraging the members to settle their tasks as we are all one team and we to perform well.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

Once a upon time, I had to do a programming project but unfortunately I didn't know much that programming language. So, I kept searching about techniques and methods to perform that project. The result was satisfied enough for me and the professors, more over, other colleagues were impressed.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

As a public relations member at STP, we are supposed to be responsible of the Facebook page. We put a challenge to increase the number of fans and reach and we have achieved that goal and duplicated the number of fans.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

We had a presentation with a very limited time and a very wide topic. Our team had to finish exactly on the right time. We did researches to set the most important parts of the topic that we should mention. We did it perfectly as well
