These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

Always in my collage all professors talking about Unilever & its system in controlling the market & how it balances between the human side & the business side that is what made me interest to know more information about Unilever so i start making searching about Unilever & its efforts in the society so i want to be there to learn how to be a human in business world.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

When I decided to create my own business which was hand made accessories so i decided to create online page to reach more customers not only my friends & i use the internet to check the new designs & colors to be updated with the market & the demands of the customers & how to be flexible to response quickly to the market

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

When my caring was only about the environment & how to develop the behavior of the people to keep our environment clean while a lot of people were caring only about increasing their money & creating new business without caring about the environment & how it affects our health so i decided to learn more about the business world that my study is about business & my 1st experience was with Unilever in The Quest but unfortunately i did not pass to the next step that is why i think i still need to learn more ideas % gain experience to balance this equation & that is why i think i need this chance

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

When I was Working as a volunteer in BA & I was surrounded with a lot of people who really want to make difference in our society & help poor people to gain money in respected way so I asked them to create AVCC (Alexandria volunteers charity club) to reach this people & help them with our experience in civil work to give them some facilities to start new job, the result was we present 50 qualified person to the market with new equipment to gain their money by working not asking people to give them money.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

When i faced financial problem about financing we did not had money to pay for the trainers who teach these people the way of working or to buy the equipment to achieve our goal which was preparing 50 person to gain money in respected way so i decide to go to some small business men who were caring about charity services so we went to them & tell them about our problem they help us till our mission is completed.
