Work Experience

Please give details of any work you have undertaken, indicating whether full-time, part-time, vacation work or industrial training etc (most recent positions first).

Interests Activities

We are interested in what you do / have done outside your academic work.

Please record your non-academic interests and activities stating whether at school, college, university or elsewhere. Record any positions of responsibility you have held in any aspect of your life. (300 word limit imposed) *

Unfortunately i didn't believe in non academic activities in the past , but recently i realized it's importance so i'm willing to participate in any non academic activity whenever the chance is available.

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

Through my academic years , i intended many events where the students have the chance to meet the experts from many corporations and talk to us about their experiences in the job , and there is always a representative from "Unilever" and i they helped me to know the company better , and even when i intended the event Unilever did (The Quest) i loved the idea of having a career with "Unilever".

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

I will introduce my self to any contact available , i will explain the task that we have to accomplish , give the chance to everyone to express his ideas concerning the task and try to reach to the result needed through team work I can influence people by giving them the chance to express their ideas and encourage them as we are all team leaders until we reach the target needed.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

This year i took the initiative to learn more the economic crisis that happened in 2008 as i know that there is a crisis that happened but never understood why it happened , so i search the internet about it and read through the pages to learn more about it and i found out that there is a documentary that explains this crisis so i watched it , the result that i finally know what caused the economic crisis and why it happened so it's a satisfactory result.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

The biggest opportunity i saw is must be the (25th of January revolution) to make a difference for the future of our country , as i protested against the ruled regime , the biggest obstacle is the police force with the bombardment of tear gas against protesters whenever the chance is possible , the result was a success as we were able to remove the ruled regime , although there are problems that may happen these days , but a better future will come one day.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

After i finished my high school , i was accepted at the "Faculty of Engineering" in the "University of Elmenia" so i have the choice to go there or switch to "Faculty of Commerce" in the "University of Alexandria" , so i choose "Faculty of Commerce" but i have to get high grades to be able to compete with other students and thank God i am in my third year and i was able to get "Very good" in my last 2 years.

General

Please give details of any military service requirements, with reasons for any exemptions claimed. If you have completed your military service please state when. If you have answered Exempted above, please specify the reason you were exempted.

'Exempted' I have second nationality and i have no brothers.

Do you have any health problems that could affect your future employment? If yes, please specify:

No.

Do you have any relatives in Unilever NAME? If yes, please give details:

No.

Is there anything that has not been covered that you would like to mention? Are there any personal considerations that may be relevant to your application?

I applied before as "Yaser Yahya" but an error has occurred when taking the numerical test due to an electricity blackout , i suffered a disconnection of the internet which caused a cancellation of my test and i get a zero out of twenty so i re apply again because it's unfair to get a zero and i can't take the test again.
