We are interested in what you do / have done outside your academic work.

Please record your non-academic interests and activities stating whether at school, college, university or elsewhere. Record any positions of responsibility you have held in any aspect of your life. (300 word limit imposed) *

-M.I.A (MADE IN ALEX) Caribbean R.O.V team Founder (A remotely operated underwater vehicle) -Head of scientific branch in MEPCON '12 (the premium Middle East conference on technological progress in all aspects of electrical power and energy systems). -Charity works (Egyptian General Society for the Protection of Children).

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

i choose to be in electrical department after attending itw (IEEE event) and after alot of sessions i found the department interesting .. and when i joined MIA (robotics team) i found that i made the right decision.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

i was in an event called edm .. and we were chosen randomly to be in teams and i was the leader and we should decide to make a start up so i used the members to know their advantages by this we choose our project and it was acceptable by the others.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

during working on our ROV i needed to learn some courses .. i searched online and have the courses on coursera, and this helped me to achieve my task and our team to develop our ROV.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

after our first year project we won the best project we worked on it and founded a ROV team and participate in MATE ROV competition and won second place in Egypt .. because we didn't leave our project under the dust.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

once we had a team member who didn't do his work or even have the team spirit and i was the head of HR unit and we were all friends in the team but i decided that friendship has no relation with work so we kick him out of the team and had another hard worker member.
