participant and member in STP student activity Participant CSTA (Community Scientific Technology Activities) participant in car competition Future eyes student activity Swimming Coach at Wadi degla club

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

Listen to a lot of trained human development have developed from my thinking and my view of life made me thinking out of the box and i show that career unilever will help me to achieve my dream that i will work with unilever.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

Identify important goals of the task and split the task into smaller tasks and select team is suitable for that task and have qualified, small tasks and split them and put them before the final deadline for the job itself and the remaining period to discuss what we have reached and to solve the problems if existed

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

to have skills and science make me capable to pick up any chance like job or training and help to think in the right way. I learn Math,solidworks,cateia,matlab,guitar by vedioes on youtube.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

Participate in various student activities, both in the Faculties or other colleges such as pharmaceuticals and Commerce. The problem that I face is how to organize time between activities and study overcame them I ended who taught at the same day and studying at college in the break so that I will be finished deliberating. The incentive for the activities it develops my skills and important to plane for the future

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

Decision of withdrawal or continuation in the robots competition before the competition day and the reason for non-completion of our robot. Determine the cause of the complexity of the situation and the development of different solutions and choose the appropriate solution that achieves the proper purpose. after this we joined the competition and have the second place.
