Interests Activities

We are interested in what you do / have done outside your academic work.

Please record your non-academic interests and activities stating whether at school, college, university or elsewhere. Record any positions of responsibility you have held in any aspect of your life. (300 word limit imposed) *

Member at the Financial Management Association AAST CMT Student Chapter 2012-2013. Member at Rotaract Club of Alexandria Metropolitan (present).

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

One of the people who have inspired me to consider a management career is my father and I have chosen Unilever in particular because it is one of the best multinational companies in Egypt. That is why I am keeping my grades up and my GPA, applying to every possible competition by Unilever like the Quest which I got accepted in and applying for the Unilever Summer Internship.

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

When I first joined The Rotaract Club of Alexandria Metropolitan, I was given a task to organize the Handing Over ceremony. It is an event where the High Board passes on the club pins and agenda to the new one. So I started contacting our Sponsoring Rotary Club, I chose the venue "Sofitel Cecil Hotel" and I started talking to the other club members in my team, dividing the tasks between them and making sure that everyone matches the tasks deadline.

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

I took the initiative to develop myself right after high school. I wanted to develop my personality and my social skills so I decided to join The Rotaract Club of Alexandria Metropolitan. I really enjoyed it, I became more open and in addition to that I developed my leadership skills and Now I became the club's PR director.

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

I saw this opportunity when we were planning this year's Orphan's day. Everything was happening as planned and suddenly we found out that another club was hosting the same event on the same date. So we had to choose either to cancel ours or to convince them to postpone theirs. I took the initiative to talk to the other's club community service director and I was able to convince her to postpone their event to the week after. And we threw our event and it was one of our most successful events.

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

I was the head of The Club's online Radio station which I had the opportunity to be one of its founders. One of the difficult decisions I had to make was choosing the Head of each group because I had to differ between friendship and work. I didn't want anyone one to take it personally, I had to be sure that our project will succeed that's why I had to choose the right people to lead the others.
