I'm learning web development + programming (java + c++) + i own ed certification from innovegypt w hich supported from (egyptinnovate -technology innovation and entrepreneurship center + intel )+ i have web project and i work on it w ith my team .

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) \*

eng.wael sabry he inspirits me that every one is creative but he needs w ho guide him

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) \*

i w ere have project w ith a team in innovegypt and w e w ere must solve a social problem , so i decided w ith my team choose hard problem plus w e must be different than other and create new ideas and w e got greet credit w hen w e showed our work to the masters , and w e w ere taking the decision on the team by voting , but i w ere control in the team's decisions indirectly , by playing the adviser role .

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) \*

i see myself business owner so i get a great idea and i work w ith my team on it , and by this way i develop myself by learning new skill in business environment + the technical approach , as result : i feel myself now different than others more creative and i have my credibility for myself .

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) \*

i work w ith my team in a web project w ith new idea , all said to use it's impossible to do w hat w e want and for better to get away from this , that w as going to killing my team spirit , so i w ere telling them alw ays (hard problem = high gains )and believe in our idea and that's w as true , my team got a lot of credibility w hen w e show our work to the masters and w e are developing it now .

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) \*

i w ere had taken a decision about continue in working in my own idea or not ! the steps i had taken : 1-see the external factors ( Org culture + country culture + segments + traditions + business norms + government constraints ) 2-see the internal factors ( w hat skills w e need to achieve our goals? + how can w e develop ourself ? + can w e continue for long time ? )
