I joined the train continued to the company (innove egypt) and was the headquarters of the training at the College of Commerce and was training in the field of creative thinking in the field of information technology

These questions tell us something about how you respond in challenging situations. Please answer them using examples from your experiences in academic, social or working life

1. Please tell us about experiences and people that have over time shaped your decision to consider a management career within Unilever and in your chosen function in particular. What efforts have you made to test out your choices?(300 word limit imposed) *

I chose IT function and that because he's my field, a department _ management information system in addition I joined in a workshop in company (innove egypt.) And also choose posts are giant human and because it is also in the field of my studies College of Business and I am doing the Department of Human Resources

2. Using an example of a time when you were in a new environment and had to achieve a task, please describe a) how you established and used a network of contacts, and b) how you set about influencing people, to help you achieve your task. (500 word limit imposed) *

I try to be friendly, and I will be talking relationships with some of the people in a way of being able to get close to them and the formation of good relations with them. Services and get them to help me on the job is completed, indirectly

3. Tell us about an occasion when you have taken the initiative to learn and develop yourself in significantly new ways. Why did you want to do this, what did you do and what was the result?(300 word limit imposed) *

In the field of specialty. Wanted to learn one programming language, I learned myself from one of the videos on YouTube and has already succeeded in learning and worked several cases of such language. In the field of the profile. Involve you, but I wish to be relationships with others is widely heard one of the videos for the human resources and psychology and has already spent on the adjective and the fact that a lot of the good relations broadly

4. Tell us about a time when you saw the opportunity to really make a difference for the future of an activity, team or organization. What did you do, what obstacles did you overcome, and what happened as a result? (300 word limit imposed) *

I joined in total in a workshop Ainov Egypt was that group uncooperative and lazy worked flat out until Lee got the first place. And also joined later by another set and chose the idea of evolution, but all supervisors we showed it difficult idea and we can not achieve anything in. But we challenged them and we challenged ourselves and our work and already got the idea on the best idea in the workshop and threw impress all attendees

5. Tell us about a time when you have had to analyse and understand a complex situation in order to make decisions and put a plan into action. What did you do and what was the outcome? (300 word limit imposed) *

Understand the problem well. Then start analyzing the most important problems and then go down the overall Atdrigaa Aladgr of the problem and understand and analyze the problems and then go down to the the smaller
